

Four O'clock

Mirabilis jalapa

These unique annuals bloom each day around 4 o'clock in response to the heat of the afternoon. They are drought tolerant, deer and rabbit resistant, can grow in less than full sunlight, attract hummingbirds and butterflies, and reseed freely.

Exposure: Full Sun to Part Shade

Bloom Time: Mid-summer to Fall

Height: 36-48"

Spacing: 15-18"

Pack of 4 - 12 oz. (354ml)

cell - 3 oz. (89ml)

grown by: Glick's Greenhouse Oley Pa 19547
