

Morning Glory Tie Dye Blue

Every Bloom has a Unique Pattern!

Giant lavender blooms 5 1/2 to 6 inches across are striped and streaked with deep purple!

An exciting new twist on an old-fashioned favorite, Tie-Dye is a study in unique, distinctive patterning! Every lavender bloom on this easy, vigorous Morning Glory is differently striped, streaked, and overlaid in deep purple. Measuring a full 5 1/2 to 6 inches across, the blooms are stunning all summer and into fall. And even the foliage gets into the act, with lobed leaves splashed in silvery white! A very distinctive yet informal Morning Glory, Tie-Dye is a lovely choice to plant among pink or white annuals, and is stunning on the patio, where its interesting variation can be enjoyed at close range. The vine twines 6 to 8 feet high, pest-free and ready to grow in just about any sunny spot.
